

Certificate

Certificate number: 2013-009

Certified by EY CertifyPoint since: November 18, 2010

Based on certification examination in conformity with defined requirements in ISO/IEC 17021-1:2015 and ISO/IEC 27006:2015/A1:2020, the Information Security Management System as defined and implemented by

Amazon Web Services, Inc.*

and its affiliates (collectively referred to as Amazon Web Services (AWS)) are compliant with the requirements as stated in the standard:

ISO/IEC 27001:2013

Issue date of certificate: November 18, 2022

Re-issue date of certificate: November 25, 2022

Expiration date of certificate: October 31, 2025

Last certification cycle expiration date: November 30, 2022

EY CertifyPoint will, according to the certification agreement dated April 1, 2022, perform surveillance audits and acknowledge the certificate until the expiration date noted above.

**With regard to the specific requirements for information security as stated in the Statement of Applicability, version 2022.01 dated September 14, 2022, this certification is applicable to (a) the services and their associated assets and locations as described in the scoping section of this certificate, and (b) any affiliates that are responsible for, or that contribute to, the provision of such services and their associated assets and locations.*
